

# How to install Notepad++

**Step 1:** Go to the Academic Software page for Notepad++ and click the button, 'Download Notepad++' to download the installer. The file is saved in your downloads folder.

**Step 2:** Open the .exe installer file from your downloads folder to start the installation.

**Step 3: Choose your language and click OK.**

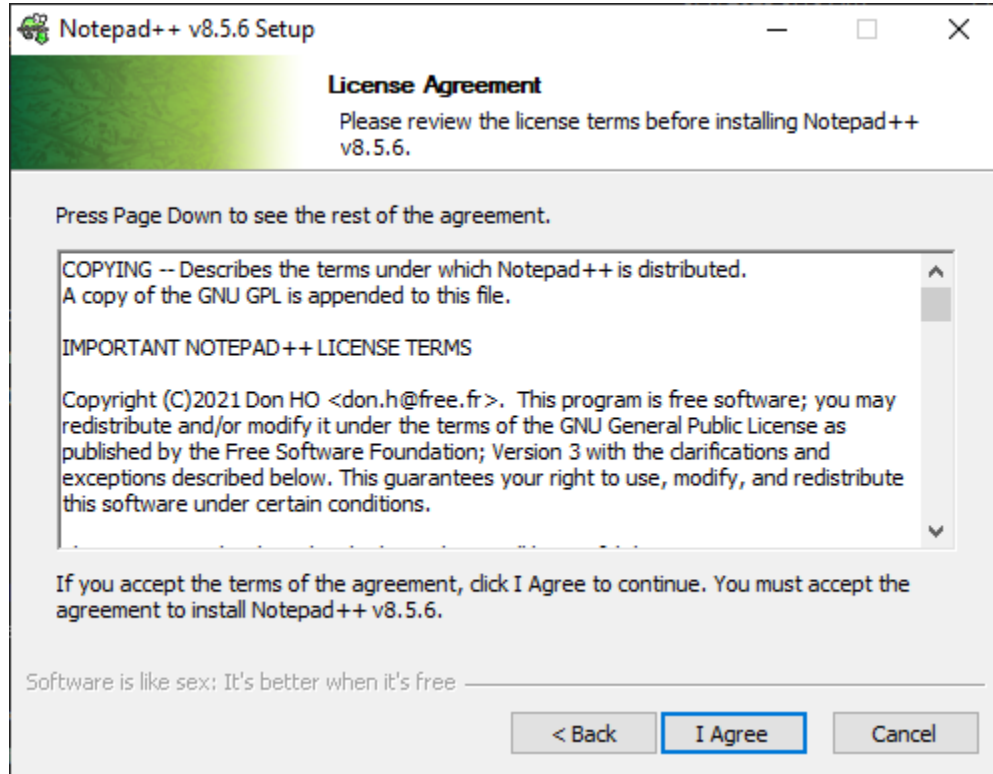

**Step 4:** The installation starts. Close all other applications and click Next.

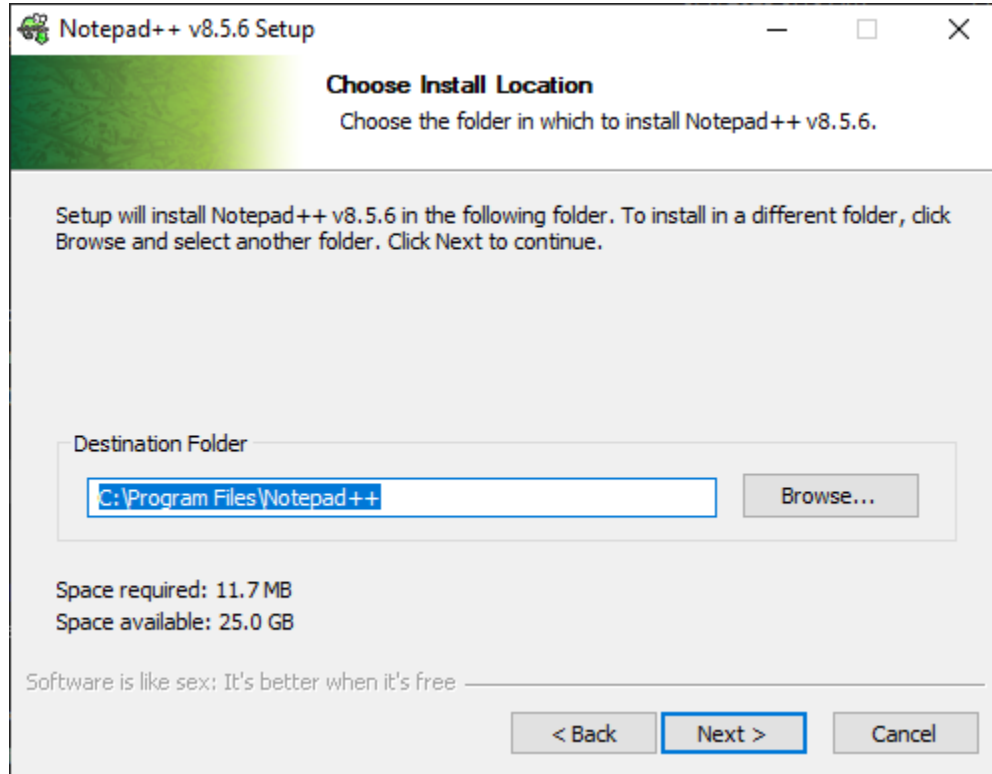

**Step 5:** Read and accept the terms of the license agreement.

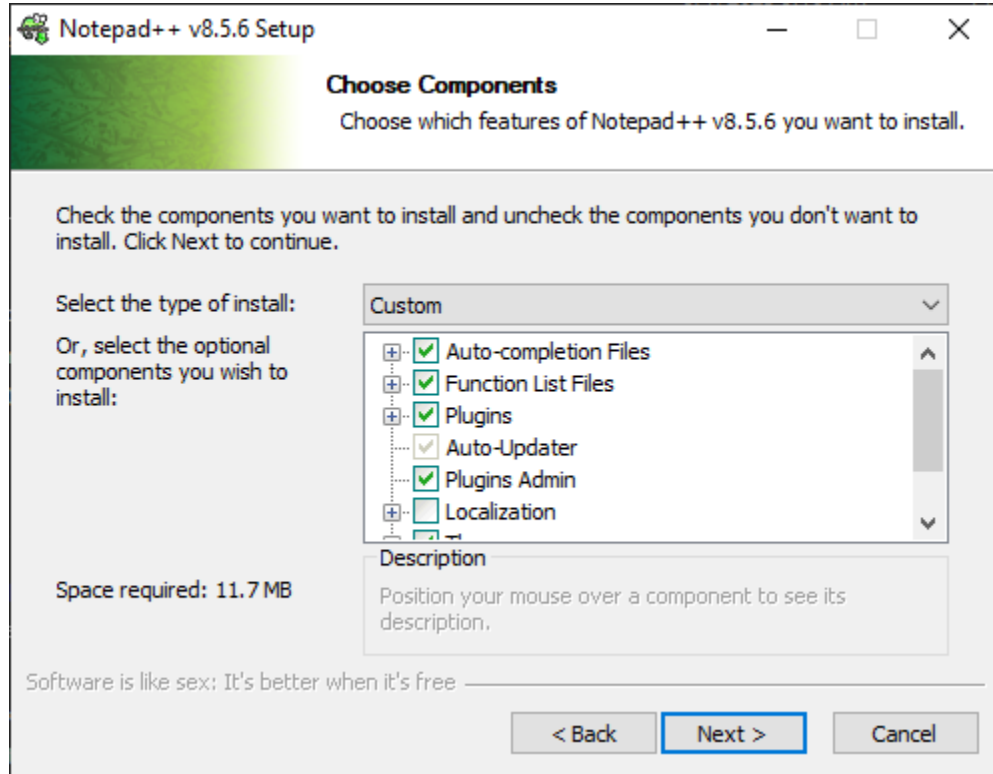

**Step 6:** Choose the installation folder and click Next.

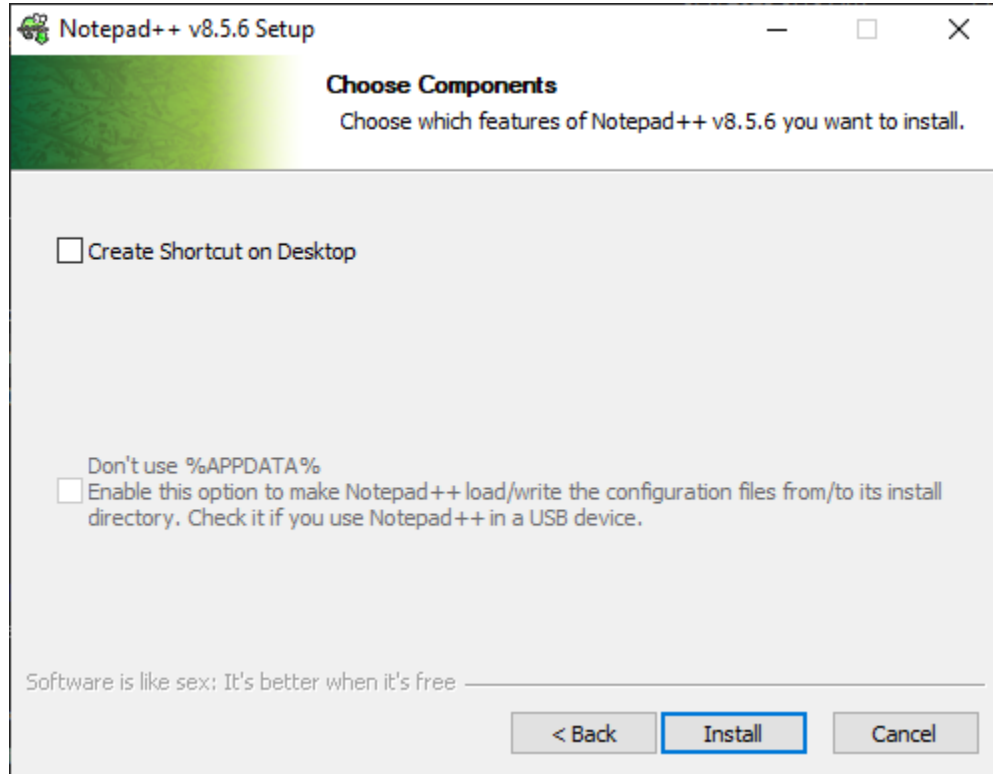

**Step 7:** Choose the components and click Next.

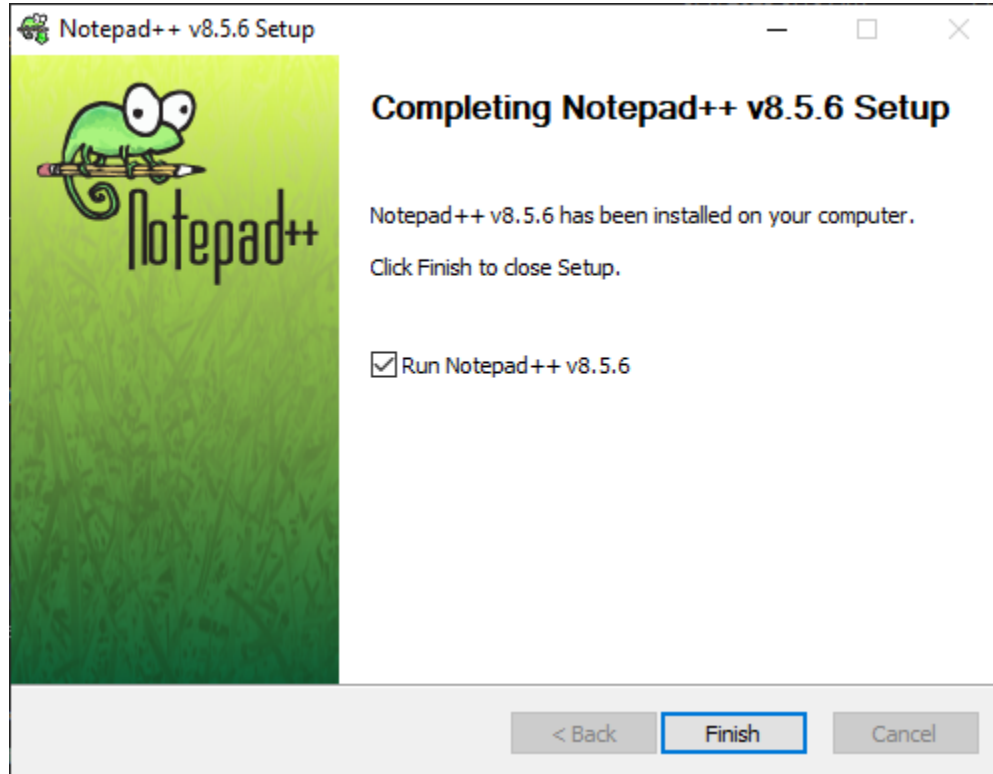

**Step 8:** Click Install.

**Step 9:** Click Close. The program is now installed and ready to use.
